THE COMPUTING WAY

We respect and look after computer equipment

We use **problem decomposition** to **break problems down into achievable goals**

We are not afraid to experiment, using **trial / error / undo**

We use the internet to support our learning

We organise our work with suitable filenames & folders

We use formatting skills to make our work presentable

We recognise that computing & IT is **vital to careers now & in the future**

We listen carefully & make notes during **demonstrations**

We use technology responsibly & lawfully

We use technology to solve problems

 **SUBJECT WAYS**

Have your say! ✨
