The MFL curriculum is designed to empower students to draw maximum cultural, personal and economic benefit from the role of global citizenship. Through the promotion of oracy, expansion of vocabulary and literacy we seek to enable students to communicate confidently and without barriers in a wide range of social settings and media. In KS3 we believe that our curriculum and enrichment content goes far beyond the requirements of the National Curriculum allowing for a seamless transition on their GCSE course once they are in Y10.

In order to do this the MFL curriculum is sequenced to allow knowledge and skills to develop simultaneously and progressively. By revisiting and enhancing key language skills in different settings students develop their ability to recall, analyse and evaluate usage and at the same time build independence and resilience.

We have a duty to ensure our students understand and engage with other cultures and traditions in a respectful and inquisitive manner which will allow them to become more open-minded, empathetic and adaptable to new experiences in the future at home or abroad. Ultimately, we aim to foster in our students a love of languages by nurturing a linguistic curiosity, their self-efficacy and an intrinsic motivation to explore and respect other languages, cultures and people.

In Year 8, students are assessed after each module in class, on a range of listening, reading, speaking or writing skills. The Summative Assessments take place in January and June.

Quizlet's Y8 MFL revision flashcards are a fantastic way to memorise relevant french and spanish terms to help you with your studies. Click on a flag below to start!

We run a series of 'Careers in the Curriculum' weeks in our school. For Modern Foreign Languages, this week takes place in February.

During MFL lessons, we investigate languages around the world and the importance of language learning in the global jobs market. Careers lessons raise students' awareness and understanding of where languages can take you.

Creative Multilingualism aimed to encourage young people in the UK to be ambitious and to think creatively about the career possibilities languages open up. Check out the youtube short by clicking on the logo below.
